EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Dennis Donahue on 4/13/07.

The application has been amended as follows:

In Claim 1, insert -- seatback lumbar -- after the word "A" in line 1 of the claim.

In Claim 20, insert -- seatback lumbar -- after the word "A" in line 1 of the claim.

In Claim 20, insert --and the first and second portions of respective side rails consist of the same upper, middle or lower portions of the respective rails-- after the phrase "second side rail, respectively".

In Claim 23, delete "in claim 22" and insert --in claim 20--.

In Claim 39, insert -- seatback lumbar -- after the word "A" in line 1 of the claim.

2. The following is an examiner's statement of reasons for allowance: the prior art of record has failed to suggest either single or in combination a lumbar support structure with side rails crossing in an X-shape to attach to each other.

3. Goodman (US Patent 3145987) teaches a support structure having side rails (14 and 12) with X-shaped supports extending therebetween, but the X-shaped supports are not extensions off the side rails, nor do they extend between the same side rails as the transverse wires (16). Kris (US Patent 2273273) discloses a support structure with X-shaped cross members, but fails to suggest transverse wires with different bending stiffness than the X-shaped cross members.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Noah C. Hawk whose telephone number is 571-272-1480. The examiner can normally be reached on M-F 9am to 5:30pm.
